## LAP SWIMMING RULES

Lap swimming is the continuous swimming movement through the water, for the whole length of the pool. Please be courteous and wait at the end of the pool until you have made contact with members already swimming in the lane you wish to enter. Due to different lane set-ups, it is not always possible to swim in a lane that has your appropriate swimming speed. When two people are in the lane, the lane may be split if both members are in agreement. As soon as the third person enters the lane, everyone must circle swim.

1. All rules and requests made by the lifeguards on duty must be followed; they have complete and final authority.
2. During lap swim times the lifeguard may ask you to move to another lane in the interest of everyone's safety and enjoyment.
3. During lap swim times, select the proper lane to swim in according to your average speed. If in doubt, ask the lifeguard for assistance.
4. No standing or loitering is allowed at either end of the pool in lap lanes (except for brief resting 1-2 minutes).
5. Elementary Backstroke and Butterfly are not permitted when sharing a lane with another swimmer.
6. Water Jogging is allowed in the water-walking lane only.
7. Lap swimmers and water-walkers should move in circles when there are two or more members in that lane.

**OPEN LANES** - Lanes available for all recreational activities

**DAY CLASSES** - During day classes in the Lap pool 1 lane will be made available when numbers allow
