Beginner: This class is designed for the first timer or anyone who has been away for a while. It focuses on the basics of reformers.

Mixed Levels: A class designed for all levels. Progressions and regressions will be demonstrated for all.

Intermediate/Advanced: A class designed for those who have experience and want to take it up a notch.

***Reformer for Runners:** Improve your running form, have more control of your breathing, increase speed and decrease chance of injury. Focus on increasing core and back strength, correct postural alignment, control of breath, lateral hip strength, and spinal mobility to run better, faster and stronger.
